PROFILE

Experienced Frontend Web Developer adept in all stages of advanced web development. Able to effectively self-manage during independent projects, as well as collaborate as part of a productive team. Experienced with the latest cutting edge development tools and procedures.

EMPLOYMENT HISTORY

Apr 2022 — Mar 2024

Frontend Developer, Dotslash Digital

Remote

- Developed a responsive website that is optimized for both desktop and mobile devices, increasing user engagement by 27%
- Utilized HTML, CSS, and JavaScript to create a dynamic, interactive user interface that improved user experience
- Optimized page load times by 32% through the use of caching and minification techniques
- Utilized GraphQL and Apollo to create an efficient data fetching layer
- Employed modern JavaScript features such as async/await and Promises to write code in an asynchronous manner
- Utilized version control systems such as Git to manage code changes and collaborate with other developers

Jan 2019 — Mar 2021

Full Stack Developer, Achuzi

Remote

- Implemented a Responsive Design that allowed the application to be used on various devices with the same user experience
- Developed a real-time messaging system that improved user engagement by 18%
- Utilized a NoSQL database to store and retrieve large datasets efficiently
- Created a RESTful API that allowed for seamless integration with other applications

Jan 2014 — Dec 2018
